DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed after final on 10/01/2009 will be entered because it places this application in condition for allowance.

Allowable Subject Matter

2. Claims 1 and 3-7 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The limitations added to applicants' claims find direct support at the places listed by applicants; furthermore, given the fact that there was no prior art that taught a low refractive index layer having a refractive index lower than the transmittance adjusting layer (see Office action mailed 07/09/2009), consequently there is no teaching or suggestion to make a low refractive index layer having a specific refractive index range claimed, wherein that specific refractive index range is lower than the refractive index range of the transmittance adjusting layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to GERARD T. HIGGINS whose telephone number is (571)270-3467. The examiner can normally be reached on M-Th 10am-8pm est. (Friday off).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Ruthkosky can be reached on 571-272-1291. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
